The 2000 model changed the way we think about the Nissan Almera. An uninspired interior and gawky style have gone. Now the Nissan Almera 2000 model is a confident and mature car with a sense of Europe that is increasingly overwhelming, fitting and ends up in front of whatever is emerging from Germany. With very competitive prices, a modified engine range and a series of standard trim levels as ...

Info. For many car parts, such as engines and cylinder heads, it is important that you specify the correct motor code on your request. The engine code is usually stamped somewhere into the engine block. The first 4 or 5 letters / numbers usually provide enough technical information for a car parts supplier to find the right engine related car part for you.
