Manual Roof Operation

Hello if you check the manual there's a section telling you how to do this but basically there should be an allen key type tool in the tool kit that you put into a socket on the hydraulic pump - this isolates the pump and allows you to fold the roof manually the pump is on the LHS of the boot this behind the trim panel once you've got it folded I'd suggest getting the car plugged into a peugeot diagnostic machine to show what switch or other is faulty and so fix the issue

How do you manually close the roof on a peugeot 307?

Once the front section has been pushed up the roof can be operated via the switch on the centre console. Operation is only possible under the following conditions. The boot must be closed; Ignition must be turned on. Engine not running. Oil pressure light illuminated. Manual operation of the roof
