Behind His Lens (2000) About book: Not sure where to start I know this wont be long. For the most part the book was ok. I really did not like charley. Behind His Lens is the first of Grey's books that I've read outside of her romantic comedies. This one contains a lot more sex, but it still has interesting characters, sweet romance, and funny moments. The characters have much darker pasts than I expected, so it was exciting to learn their secrets. The plot is full of tension of all kinds.
