In the crafts category you can purchase plans/patterns for clothing and for woodworking projects too. You have to actually physically have the plans/blueprints on paper or CD-ROM to ship. I don't believe that ebay allows the sale of downloadable plans or blueprints. I've been thinking about doing this with some of my handcrafted items too.

The eBay website is nothing if not an incredible body of statistical information. With millions of auctions running in parallel at any chosen moment, all managed through a massive database that can be tied to particular users' accounts, names, and addresses; it is easy to understand that eBay might have access to rather a lot of empirical data about the online buying and selling market.
