Amazon.com: Uncovering History: Archaeological ...

With this book he covers all the collections of artifacts since the second day after the battle. He does not make any attempt to give a final word on the battle but he does give you an idea of what is probably true from all that has been written and what is probably false. Archaeology is a perfect foundation to add to written and oral history.

First published in Germany in 1938, Uncovering the Voice disappeared under the weight of political events and the Second World War and was not republished until the 1970s. The new English edition of this classic work includes a biographical account of the author by J rgen Schriefer, as well as previously unpublished photographs.
