### Helmut Newton White Women Sleepless

Furthermore, Newton's photographs both reflect and comment on the transformation of the role of women in western society at the time. Inevitably, Newton makes us observers into voyeurs. Just as perfectly arranged were the black and white and color photographs in Newton's 1978 book Sleepless Nights. Previously published in various magazines, these were also all about women, their bodies and their clothes; fashion shots that are simultaneously portraits, or which could double as crime ...
