LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Large Print Wide Margin Bible

This is a great bible for use as a preaching and teaching bible. The layout of the text is clear and easy to read with the wider margin and large font. It is text only with bold verse numbers so you can find the verses quickly while teaching or preaching. For the price, this is a really good bible.
